

## CLAIMS

What is claimed is:

1. A window assembly for a vehicle comprising:
  - a fixed window with an opening;
  - a movable window panel which slides relative to the fixed window to cover or expose the opening in the fixed window; and
  - a flexible cover positioned over a bottom edge of the opening in a removable manner.
2. The window assembly of claim 1, wherein the cover has a first end and a second end, the first end being attached to a lower portion of the fixed window with an attachment, the cover being able to pivot about the attachment to drape over the bottom edge or to hang away from the opening.
3. The window assembly of claim 2, wherein the attachment is on the interior of the fixed window.
4. The window assembly of claim 3, wherein the second end and the exterior of the fixed window are provided with attachment mechanisms to attach the second end to the exterior of the window in a removable manner.
5. The window assembly of claim 2, wherein the attachment is on the exterior of the fixed window.
6. The window assembly of claim 5, wherein the second end and the interior of the fixed window are provided with attachment mechanisms to attach the second end to the interior of the window in a removable manner.
7. The window assembly of claim 1, wherein the cover is a substantially U-shaped clip that fits over the bottom edge.

8. The window assembly of claim 1, wherein the cover is made from polyurethane.

9. The window assembly of claim 1, wherein the cover is made from polyvinyl and Kevlar.
